

SPRING

after school enrichment

6 week program beginning April 17!

STEM Workshop Puppet Works:

Discover puppet engineering, where students are instructed to design and build puppets based on their creative minds! In this workshop, students get the chance to learn about different types of puppets, design puppets, and learn how to use voice over for puppets in storytelling. This workshop is part of the performing arts, where students will learn how to work as a team to tell a story using the different puppets they have created through the voices and body movements.

\$150.00 PER STUDENT, GRADES K-3

Randolphville Tuesdays at 3:30

Knollwood Thursdays at 3:30

Discovering MAGIC:

Get ready to take an amazing adventure into the exciting world of magic! Learn how to move a block with your mind, make a monkey appear, operate a time machine and more!

Children build confidence, enhance critical thinking skills, build creativity and develop social skills while having fun. Children will receive a professional magic kit and perform in a magic show on the last day!

\$165.00 PER STUDENT, GRADES K-3

Eisenhower Mondays at 3:30

Grandview Tuesdays at 3:30

Knollwood Wednesdays at 3:30

Randolphville Thursdays at 3:30

INTRO TO FITNESS!:

Students get a chance to be active and jam out to their favorite music in the first half of this session! 30 minutes of Zumba choreography incorporating Bollywood dance & Pound Fitness. Pound Fit includes drumming to the beat of the song while working up a sweat! Followed by 30 minutes of winding down and exploring a variety of yoga poses, meditation & mindfulness.

\$165.00 PER STUDENT, GRADES K-5

Knollwood Mondays at 3:30

Arbor Tuesdays at 2:30

M.L. King Thursdays at 2:30

PE GAMES with Mr. K:

Looking for some classic physical education games? Looking for an extra PE class? These games will motivate the students to get moving and enjoy learning new skills in the gym! In this class, students will enjoy 1 hour of different PE games after school with Mr. K!

\$165.00 PER STUDENT, GRADES K-3

Grandview Wednesdays at 3:30

all enrichment classes are held for 1 hour after school!

CHILDREN MAY ONLY ATTEND CLASSES OFFERED AT THEIR SCHOOL

SPRING

after school enrichment

6 week program beginning April 17!

STEM Odyssey:

Explore the world around you in this fantastic series of classes! Create a periscope & explore optical illusions, investigate the power of magnets, explore the states of matter while making putty to take home, hear the call of the wild as you experiment with classifying animal tracks, uncover the hidden rainbows in ordinary light, make lightning indoors, and many other hair-raising experiments!

\$150.00 PER STUDENT, GRADES K-3

Eisenhower Thursdays at 3:30

Grandview Fridays at 3:30

Knollwood Fridays at 3:30

Randolphville Fridays at 3:30

BASKETBALL:

Each session combines skill based instruction with fun organized games. Students will benefit by improving their individual skills such as passing, dribbling, shooting, rebounding, and defense while learning how to work as a team player.

saturday enrichment

6 week program beginning April 22!

STEM Workshop Puppet Works:

Discover puppet engineering, where students are instructed to design and build puppets based on their creative minds! In this workshop, students get the chance to learn about different types of puppets, design puppets, and learn how to use voice over for puppets in storytelling. This workshop is part of the performing arts, where students will learn how to work as a team to tell a story using the different puppets they have created through the voices and body movements.

\$150.00 Saturdays for 6 weeks beginning 4/22
9:00 AM Grades 1-4

COOKING CREATIONS:

Children learn to whip up fun concoctions in this hands-on cooking class! Dessert decorating, candy making and much more! This class allows kids to enjoy and be proud of the food they create, while teaching life-long cooking skills!

\$145.00 Saturdays for 6 weeks beginning 4/22
9:00 AM Grades 2-4
10:00 AM Grades PK-1
11:00 AM Grades 4-6

ART:

Join us for fun and creative interactive art classes! We'll explore various mediums such as color marker, pencil, pastel, watercolor, and clay.

\$165.00 Saturdays for 6 weeks beginning 4/22
10:00 AM Grades K-2
11:00 AM Grades 3-6

BASKETBALL:

Each session combines skill based instruction with fun organized games. Participants will benefit by improving their individual skills such as passing, dribbling, shooting, rebounding, and defense while learning how to work as a team player.

\$135.00 Saturdays for 6 weeks beginning 4/22
9:00 AM Grades 4-6
10:00 AM Grades 2-3
11:00 AM Grades K-1

STEM Workshop Public Speaking:

Public Speaking is a powerful tool which allows the child to express their thoughts, ideas, and instill confidence to speak in front of others. Public Speaking teaches the art of storytelling and the art of how their idea can be expressed through words and actions.

\$150.00 Saturdays for 6 weeks beginning 4/22
10:00 AM Grades 3-6

Saturdays	4/22	4/29	5/6	5/13	5/20	6/3
-----------	------	------	-----	------	------	-----

All Spring Saturday classes are held at Schor Middle School
243 No. Randolphville Road in Piscataway

SPRING

Saturday enrichment

6 week program beginning April 22!

LEGO® Robotics & Coding: Adventures

This fun and interactive program will introduce students to coding and robotics using the LEGO® Education Robotics Construction Sets. Children will learn basic programming skills, simple engineering concepts, and the names of the robotic components. They will work in teams of 2 on guided projects building models, attaching sensors and motors, and using a computer to program the model's behavior. Children will gain confidence and understanding as they build and code their robots.

**\$165.00 Saturdays for 6 weeks beginning 4/22
9:00 AM Grades 1-3**

LEGO® Robotics & Coding: Amazing Engineers

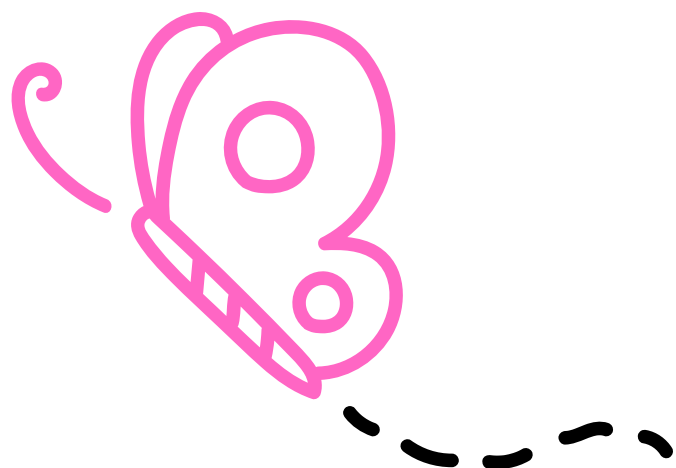

This fun and interactive program focuses on coding and robotics as it introduces students to the engineering design process using LEGO® Essential Education Robotics Construction Sets. The young engineers will work in teams of 2 building models, such as a swing and a submarine. They will define problems, brainstorm solutions, and test their prototypes to improve their ideas. Children will gain confidence and understanding as they build and explore their construction projects.

**\$165.00 Saturdays for 6 weeks beginning 4/22
10:00 AM Grades 1-3**

Robotics & Coding with mBot Robot:

If your child is excited about robots and coding this is the perfect class for them. Young engineers will discover the basics of coding and robotics as they learn how to program the mBot robot to complete a variety of tasks. This fun and interactive program will have them track (and probably chase) their mBots to go through a maze and to sing, while building and expanding their coding skills. Along the way, they'll develop their troubleshooting and problem solving skills, as well.

**\$165.00 Saturdays for 6 weeks beginning 4/22
11:00 AM Grades 3-5**

Saturdays	4/22	4/29	5/6	5/13	5/20	6/3
